9-2 reflections form g - Instructions and help about 9 2 practice reflections form g. Form g reflections copy each pair of figures. Label each point with their coordinate. Apply transformations to the solutions of problems; Arst has vertices at $r(0, 3)$, $s(4, 0)$, and $t(10, 0)$. $X = 2$.

Some of the worksheets for this concept are reflections homework, 9 compositions of reections, chapter 9, graph the image of the figure using the transformation, precalculus problem session 2, chapter 9 matrices and transformations 9 matrices and, 7 transformations mep y9 practice.
